

4080.06 Wide Angle Ball Arm for DS51, DS160, DS161 Strobes

- This kit is our most versatile strobe arm consisting of three Clamps, two 7-inch (18 cm) extensions, and Ball Mount to Quick Release Handle. The two segment arm is easily adjustable on-the-fly and perfectly suited to any shooting scenario from macro close-up to super wide angle. Compatible with DS51, DS160 and DS161 strobes.

- Our Ball Arm Mark II System also provides opportunities to mount an additional lightweight accessory almost anywhere along the length of an arm. Ikelite 1-inch ball components are compatible with most 1-inch arm system components from Aquatica TLC, Ultralight, Nauticam, and others.

Spare Parts

- 0138.18 1-inch Ball O-ring

Limited Warranty

This Ikelite product is warranted against any manufacturing defects for a period of one (1) year from the original date of purchase. Defective products should be returned to Ikelite postage paid. Ikelite will, at its sole discretion, repair or replace such products, and will return to customer postage paid. All other claims of any nature are not covered. Except as mentioned above, no other warranty expressed or implied applies to this Ikelite product.
