

Ikelite Digital Housing

supplemental instructions

for

#6280.18 Nikon L18 ULTRAccompact Digital Housing

#6280.19 Nikon L18 ULTRAccompact Digital Package

Housing Controls

Camera Setup (Nikon L18)

1. Set camera to Macro Focusing Mode.
2. Set camera to Auto Mode, NOT Easy Auto or Scene Modes.

NOTE: Camera will focus far away even if Macro Mode is on. It is best to leave Macro Focus on. You can back away from the subject and zoom in to avoid over-exposure if necessary.

Ikelite W-20 Wide-Angle Conversion Lens #6420

An external wide angle conversion lens increases angle of coverage so you can get much closer to your subject while still fitting everything in the frame. Add an Ikelite W-20 or other wide-angle lens with an Ikelite accessory port adaptor. Use for increased color and clarity in any conditions.

NOTE: Slight vignetting may occur at widest angle camera lens setting. Zoom in slightly to eliminate, or crop the image in post-processing.

#9306.81 67mm Threaded Adaptor

Allows attaching Ikelite W-20, Epoque, and Type II Inon screw-on lenses with 67mm threads. Includes larger size removable flash deflector.

#9306.80 Bayonet Mount Adaptor

Allows attaching of the Inon UWL-105AD bayonet style lenses. Includes larger size removable flash deflector.

Housing Lens Port

Your new Ikelite L18 housing features a 46mm threaded port for attachment of external 46mm accessory wet lenses.

AF35 Strobe Package #4035

The AutoFlash AF35 kit is a great compliment, and an effortless, affordable way to add a flash to your new Ikelite point-and-shoot camera system. Everything you need to get started is in the box. Just attach it to the bottom of your housing and start taking pictures!

AF35 AutoFlash kit includes:

- AF35 strobe - Flex arm - AutoFlash sensor
- Handle with rubber grip - Tray (single or dual)
- Mounting hardware

L18 Strobe Compatibility Notes:

AutoFlash AF35 Kits with a Serial Number below 1900 may overexpose when used with the Nikon Coolpix L18 camera system. AF35 Kits with a Serial Number of 1900 or greater do not require modification for use with the Nikon L18 camera. If necessary, strobes may be returned to Ikelite postage pre-paid for a complimentary electronics update. Please include a brief letter of explanation with full contact information, and return to:

Ikelite Underwater Systems
Attn: Repair Dept.
50 West 33rd Street
Indianapolis, IN 46208

The DS-200 Substrobe is NOT compatible with this camera system.
